Subject: RE: Disposal

Okay, that's fine. I've got to put the brakes on the work order that I started on Monday and get a cost proposal with breakdown from CB&I.

Terry

Subject: CES: Disposal

Terry:

I thought about this some more. I would like to talk about this some more. We don't have 4 vac boxes currently ready for disposal. We only have 2. The other 2 have not yet been filled and I don't believe the Open Top for US Ecology is filled and ready for disposal yet either.

We already have ST1 ready for disposal with the appropriate analytical. I would like to see if you guys may be able to handle this and we will handle the others depending on how much money you guys have left after all is said and done.

Let's talk,

Gary Moore
